DETAILED ACTION

Specification

1. The abstract of the disclosure is objected to because of undue length. Correction is required. See MPEP § 608.01(b).

Drawings

2. Figures 1-4 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

4. Claims 1-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
5. Regarding claim 1, claim 1 is indefinite because it is unclear as to what Applicant intends "each suite" to be considered as?

6. Regarding claims 2-5, which fails to remedy the issue as stated above for claim 1, thus claim 2 is also rejected as being indefinite.
7. Regarding claim 6, see the rejection and analysis for claim 1.
8. Regarding claims 7-9, see the rejection and analysis for claims 2-5.
